

M² LASERS & LASERSTAR Specialists in Laser Solutions

WHO WE ARE

M² Lasers Pty Ltd is based in Brisbane and services the Australian and New Zealand Jewellery Markets.

Our philosophy is to provide complete laser solutions that will contribute, and continue to contribute, to your business from the day that we install them.

STRATEGIC PARTNER

We have partnered with LaserStar® Technologies, who are Head Quartered in the USA, and have been known for the past 10 years as the World Leaders in manufacturing high quality Jewellery and Dental Laser Machines.

M² Lasers has the Exclusive Rights to supply LaserStar® manufactured products in Australia and NZ.

THE SERVICE WE OFFER

All the lasers that we bring in from the USA are first checked by our qualified Laser Engineers to make sure they meet all the clients' requirements and conform to all local regulations.

We professionally install all our laser machines and provide at least 1 days free training on using and maintaining the laser.

We stock spare parts and consumables in Brisbane and provide ongoing support and annual servicing.

M² LASERS...PROVIDING A SOLUTION FOR YOUR BUSINESS NOT JUST A PRODUCT!
